

The master of the Air-Con WIND

Air Wing Multi/Slit

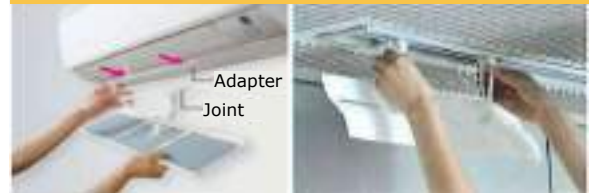

- ✓ Easy one-touch installation
- ✓ Adjustable airflow direction
- ✓ Security kit keeps unit from detaching

Installation Method

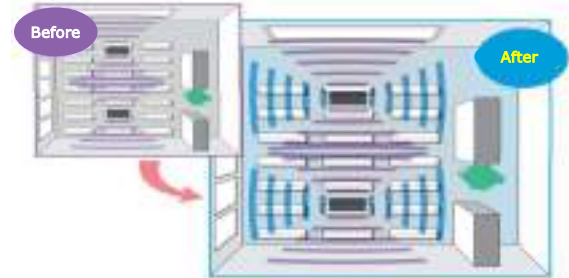

Special designed adapter enables Air Wing Multi to be used with major air-conditioning units. Drills and screws are not required.

Easy One-Touch

Adjustable airflow direction

Adjustable plate allows Air Wing user to optimize the desired airflow direction regardless the locations of the air-conditioner.
